

No.1 Surface Stainless Steel Pipe Tubing, Cold Drawn 316 Stainless Round Tube

Our Product Introduction

Basic Information

- Place of Origin: china
- Brand Name: ShengQuan
- Certification: ISO9001:2000
- Model Number: 201/304/304L/316/316L/321/309/310/32750/32760/90
- Minimum Order Quantity: 1ton
- Price: USD1500-USD6000
- Packaging Details: Standard Export Sea-Worthy Packing
- Delivery Time: 5-15days
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 15000Tons

Product Specification

- Width: Or As Required
- Type: Plate,Coil, Sheet,tube
- Standard: ASTM,JIS,AISI,EN,GB
- Length: Customer's Request
- Surface Treatment: Galvanized
- Technique: Cold Rolled,Hot Rolled
- Grade: SGCC
- Highlight: **Galvanized 316 Stainless Steel Pipe,
Cold Drawn 316 Stainless Round Tube,
316 Stainless Steel Tubing**

Product Description

No.1 Surface Stainless Steel Pipe Tubing , Cold Drawn 316 Stainless Round Tube

300-series stainless steel selection in process piping

Some manufacturing processes feature strict cleanliness and purity requirements that dictate the kind of piping that can be used.

Such is the case in sanitary high-purity pharmaceutical processes or semiconductor manufacturing. In pharmaceutical settings, process piping must be thoroughly cleaned after each batch is made. Electropolished 316L stainless steel is preferred in this setting. Electropolishing produces a much smoother surface with reduced risk of trapping remnant materials from prior batches during cleaning. Electropolished 316L is also preferred in semiconductor manufacturing, but for a different reason. Semiconductor piping is not cleaned. Rather, these systems remain closed for extended periods of time to protect the purity of the production process. The smooth, corrosion-resistant 316L stainless steel piping ensures the purity of the gas traveling through it is maintained while eliminating entrapment areas for particulates to collect.

Standard	AISI,ASTM,GB,JIS	Material	SGCC,S350GD+Z,S550GD+Z,DX51D,DX52D,DX53D
Thickness	0.16-5mm	Width	25-1500mm
Tolerance	+/-0.02mm	Zinc coating	60-275g/m2
Coil ID	508-610MM	Coil Weight	3-8 tons
Technique	Hot rolled, cold rolled	Package	seaworthy package
Certification	ISO 9001-2008,SGS,CE,BV	MOQ	25 TONS (in one 20ft FCL)
Delivery	15-20 days	Monthly Output	10000 tons
Surface treatment:	oiled, passivation or chromium-free passivation, passivation+oiled, chromium-free passivation+oiled, resistant to fingerprints or chromium-free resistant to fingerprints		
Spangle	regular spangle,minimal spangle, zero spangle,big spangle		
Payment	30%T/T in advanced+70% balanced;irrevocable L/C at sight		
Remarks	Insurance is all risks and accept the third party test		
Mechanical properties of galvanized steel			
Usage	Grade	Yield strength(MPa)	Tensile strength(MPa)
Punching galvanized steel	DC51D+Z	-	270-500
	DC52D+Z	140-300	270-420
	DC53D+Z	140-260	270-380
Structure galvanized steel	S280GD+Z	≥280	≥360
	S350GD+Z	≥350	≥420
	S550GD+Z	≥550	≥560

Packing & Delivery

1. Who are we?

We are based in wuxi, China, start from 2021, sell to Mid East(35.00%), South America(20.00%), Southeast Asia(20.00%), Africa(5.00%), Eastern Asia(5.00%), Northern Europe(5.00%), Southern Europe(5.00%), South Asia(5.00%). There are total about 51-100 people in our office.

2. How can we guarantee quality?

Always a pre-production sample before mass production;
Always final Inspection before shipment;

3. What can you buy from us?

steel sheet coil, ppgi ppgl, galvanized steel coil, aluminum steel coil sheet, stainless steel

4. Why should you buy from us not from other suppliers?

Integrating the superior resources of China's steel industry, we provide customers with high-quality steel products at preferential prices, and can ensure that the goods are delivered to customers in a timely manner.

5. What services can we provide?

Accepted Delivery Terms: FOB, CFR, CIF, EXW, FCA, DDP, DDU, Express Delivery

Accepted Payment Currency: USD, EUR, CNY;

Accepted Payment Type: T/T, L/C, Credit Card, Weste
