

## Temperature Resistant Steel Rods Various Shapes For Precision Engineering Applications

### Our Product Introduction

For more products please visit us on [metalsstainless-steel.com](http://metalsstainless-steel.com)

#### Basic Information

- Place of Origin: china
- Brand Name: Sheng Quan
- Certification: ISO9001:2000
- Model Number: 201/304/304L/316/316L/321/309/310
- Minimum Order Quantity: 1ton
- Price: USD1500-USD6000
- Packaging Details: Standard Export Sea-Worthy Packing
- Delivery Time: 5-15days
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 15000Tons

#### Product Specification

- Processing Service: Bending, Cutting
- Dimension: 20\*20\*3mm-100\*100\*12mm
- Special Use: Cold Heading Steel
- Temperature Resistance: High
- Thickness Tolerance:  $\pm 0.01$ mm
- Origin: Jiangsu China(Mainland)
- Type: Round, Square, Flat, Angle,
- Dimensions: From 4mm To 500mm
- Highlight:
  - Various Shapes Temperature Resistant Steel Rods**
  - Precision Engineering Temperature Resistant Steel Rods**
  - Temperature Resistant Steel Rods**

## Product Description:

One of the main advantages of the Stainless Steel Rod is its strong corrosion resistance, which makes it ideal for use in harsh environments. Its high resistance to rust and other forms of corrosion means that it will last for many years without deteriorating, even when exposed to moisture and other corrosive substances. Additionally, the stainless steel material used to manufacture this product gives it a decorative effect, making it a popular choice for both functional and aesthetic purposes.

The Stainless Steel Rod is available in a range of dimensions, starting from 4mm and going up to 500mm in diameter. This makes it suitable for a wide range of applications, from small DIY projects to large-scale industrial constructions. Its high-temperature resistance also makes it ideal for use in high-heat applications, such as in manufacturing plants, power plants, and other industrial settings.

Overall, the Stainless Steel Rod is a reliable and durable product that is perfect for construction and manufacturing projects. Its strong corrosion resistance, decorative effect, and high-temperature resistance make it a popular choice for a wide range of applications. Whether you are looking for a product for a small DIY project or a large industrial construction, the Stainless Steel Rod is sure to meet your needs.

So if you're looking for a high-quality and reliable construction material, look no further than the Stainless Steel Bar. Order yours today and experience the many benefits that this product has to offer!

Product Name	Bright Stainless steel rod	
Material	201 304,304L,309S,310S,316,316L,316Ti,317,317L,321,347H,2021,202,405,409,410,420,430,etc	
Type	Round Bar	
Surface	Bright Polished	
Diameter	Round Bar	Diameter: 3mm~50mm
Length	3m-6m or custom cutting any length as request	
Quality test	we can offer MTC (mill test certificate)	
MOQ	300 kgs	
Payment terms	L/C T/T (30%DEPOSIT) or upon negotiation	
Stock or not	in stock	
Packing	Bundled,wooden box for export standard package	
Delivery time	7-15 days,or according to the order quantity or upon negotiation	

## Features:

Product Name: Stainless Steel Rod (SS Rod, Steel Rod)

Special Use: Cold Heading Steel

Temperature Resistance: High

Grade: Stainless Steel Bar

Dimensions: From 4mm To 500mm

Type: Round, Square, Flat, Angle

## Applications:

1. Construction: The strength and durability of Sheng Quan's stainless steel bar make it ideal for use in construction. It can be used in the construction of buildings, bridges, and other structures.
2. Manufacturing: The high-quality steel rod is perfect for use in manufacturing. It can be used to create a variety of products, including

machinery, vehicles, and appliances.

3. DIY Projects: Sheng Quan's stainless steel round rod is also perfect for DIY projects. It can be used to create a variety of items, including furniture, decorative items, and sculptures.

4. Marine Applications: Due to its resistance to corrosion, Sheng Quan's steel rod is perfect for marine applications. It can be used in the construction of boats, ships, and other marine structures.

5. Aerospace Industry: The high-quality stainless steel rod is also suitable for use in the aerospace industry. It can be used in the construction of aircraft, rockets, and satellites.

Sheng Quan Stainless Steel Rod comes in a variety of models, including 201, 304, 304L, 316, 316L, 321, 309, and 310. It is made in China and has ISO9001:2000 certification. The minimum order quantity is 1 ton, and the price ranges from USD1500-USD6000. The steel rod is packaged in standard export sea-worthy packing and can be delivered in 5-15 days. Payment terms include L/C, T/T, and Western Union, and the supply ability is 15000Tons. The dimension of the rod ranges from 20\*20\*3mm-100\*100\*12mm, with a thickness tolerance of  $\pm 0.01$ mm. It is available for trading terms such as FOB, CIF, CFR, EXW, etc.

Overall, Sheng Quan Stainless Steel Rod is a versatile and reliable product that can be used in a variety of applications. Whether you are in construction, manufacturing, or are a DIY enthusiast, this product is perfect for your needs.

## Customization:

Brand Name: Sheng Quan

Model Number: 201/304/304L/316/316L/321/309/310

Place of Origin: China

Certification: ISO9001:2000

Minimum Order Quantity: 1 ton

Price: USD1500-USD6000

Packaging Details: Standard Export Sea-Worthy Packing

Delivery Time: 5-15 days

Payment Terms: L/C, T/T, Western Union

Supply Ability: 15000 Tons

Temperature Resistance: High

Type: Round, Square, Flat, Angle

Advantages: Strong Corrosion And Decorative Effect

Grade: Stainless Steel Bar

Processing Service: Bending, Cutting

## Packing and Shipping:

### Product Packaging:

This stainless steel rod product is carefully packed in a sturdy cardboard box to ensure maximum protection during transit. The box is labeled with the product information and handling instructions to avoid any damage to the product.

### Shipping:

We offer free shipping for this stainless steel rod product to all locations within the United States. The product will be shipped within 1-2 business days after the order has been processed.
