

Industrial Grade Stainless Steel Metal Round Rod With High Temperature Resistance

Our Product Introduction

For more products please visit us on metalsstainless-steel.com

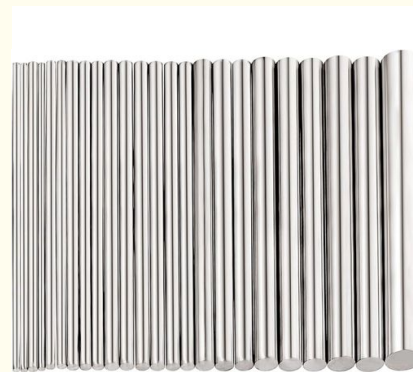

Basic Information

- Place of Origin: china
- Brand Name: Sheng Quan
- Certification: ISO9001:2000
- Model Number: 201/304/304L/316/316L/321/309/310
- Minimum Order Quantity: 1ton
- Price: USD1500-USD6000
- Packaging Details: Standard Export Sea-Worthy Packing
- Delivery Time: 5-15days
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 15000Tons

Product Specification

- Advantages: Strong Corrosion And Decorative Effect
- Trading Terms: FOB CIF CFR EXW Ect
- Material: Stainless Steel
- Processing Service: Bending, Cutting
- Grade: Stainless Steel Bar
- Dimensions: From 4mm To 500mm
- Dimension: 20*20*3mm-100*100*12mm
- Origin: Jiangsu China(Mainland)
- Highlight: **High Temperature Metal Round Rod,
Industrial Stainless Steel Metal Round Rod,
High Temperature Resistance Stainless Steel
Rod**

Product Description

Product Description:

Our Stainless Steel Bar comes with a thickness tolerance of ± 0.01 mm, ensuring that you get the exact dimensions you require for your project. Additionally, this metal round rod is versatile and can be easily processed through bending and cutting, making it a perfect fit for various applications.

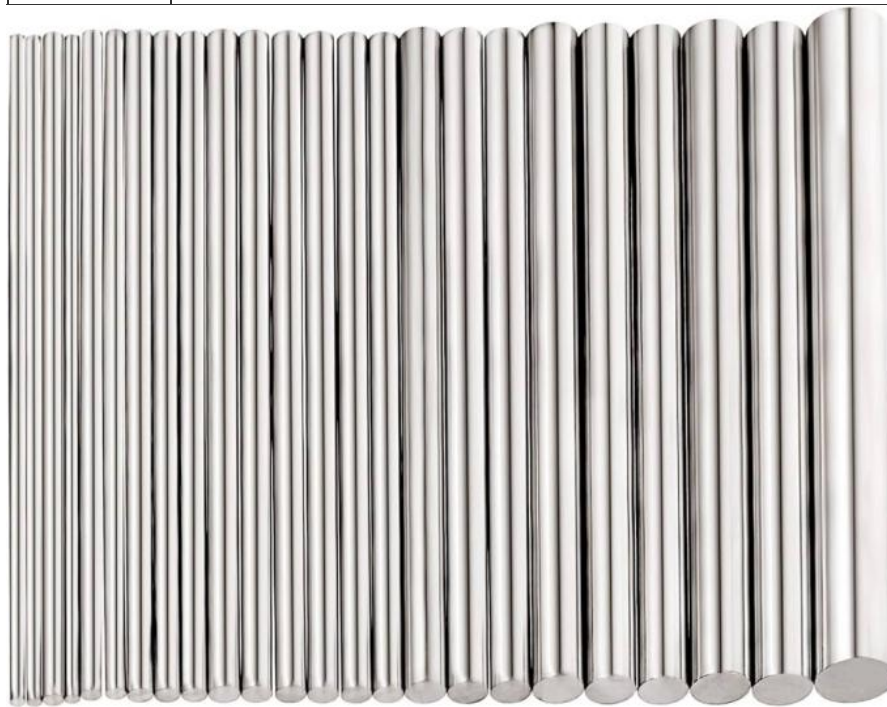

One of the unique features of our Stainless Steel Bar is its high temperature resistance. This makes it an excellent choice for projects that require materials that can withstand extreme temperatures without compromising on strength or durability.

Our Stainless Steel Bar is made from high-quality stainless steel material, which gives it a sleek, modern look and makes it highly resistant to corrosion and rust. This ensures that it remains in top condition for longer periods, making it a cost-effective option in the long run.

When it comes to grades, our Stainless Steel Bar is classified as a Stainless Steel Bar, a type of steel round rod that is widely used in various industrial and construction applications. It is available in different sizes to cater to your specific project needs.

In conclusion, our Stainless Steel Bar is an excellent choice for anyone looking for a reliable and durable metal round rod that can withstand high temperatures. Its versatility in processing makes it an ideal option for various applications, and its high-quality material ensures that it remains in top condition for longer periods. So, why wait? Get your Stainless Steel Bar today and start your project with confidence!

Product Name	Bright Stainless steel rod	
Material	201 304,304L,309S,310S,316,316L,316Ti,317,317L,321,347H,2021,202,405,409,410,420,430,etc	
Type	Round Bar	
Surface	Bright Polished	
Diameter	Round Bar	Diameter: 3mm~50mm
Length	3m-6m or custom cutting any length as request	
Quality test	we can offer MTC (mill test certificate)	
MOQ	300 kgs	
Payment terms	L/C T/T (30%DEPOSIT) or upon negotiation	
Stock or not	in stock	
Packing	Bundled,wooden box for export standard package	
Delivery time	7-15 days,or according to the order quantity or upon negotiation	

Features:

Product Name: SS Rod / Steel Rod / Stainless Steel Bar

Grade: Stainless Steel Bar

Dimension: 20*20*3mm-100*100*12mm

Temperature Resistance: High

Thickness Tolerance: ± 0.01 mm
Type: Round, Square, Flat, Angle

Applications:

Our stainless steel rods are versatile and can be used in various industries such as construction, manufacturing, and engineering, among others. The metal round rod is widely used in construction applications, such as bridges, buildings, and tunnels. It is also used in manufacturing applications such as automotive manufacturing, aviation, and shipbuilding. Our iron alloy rod can withstand extreme temperatures and pressures, making it ideal for use in the oil and gas industry.

Our stainless steel rod products come in different dimensions, ranging from 4mm to 500mm, and different types, including round, square, flat, and angle. We also offer processing services such as bending and cutting, allowing our customers to customize their products to their desired specifications.

Our products are priced competitively, with prices ranging from USD 1500 to USD 6000. We have a minimum order quantity of 1 ton and offer standard export sea-worthy packaging. Our delivery time ranges from 5 to 15 days, depending on the location of our customers. We accept different payment terms such as L/C, T/T, and Western Union, ensuring that our customers can transact securely.

We have a supply ability of 15000Tons, ensuring that our customers' needs are met. Our products are durable, have a long lifespan, and are resistant to corrosion, making them ideal for use in harsh environments.

In conclusion, Sheng Quan Stainless Steel Rod is an ideal product for customers looking for a reliable and high-quality product. Our iron alloy rod is versatile and can be used in different applications and scenarios. Our products are competitively priced, with a fast delivery time, ensuring that our customers receive their products in a timely and efficient manner.
