

4mm Stainless Steel Rods With Strong Corrosion Resistance And Various Processing Services

Our Product Introduction

Basic Information

- Place of Origin: china
- Brand Name: Sheng Quan
- Certification: ISO9001:2000
- Model Number: 201/304/304L/316/316L/321/309/310
- Minimum Order Quantity: 1ton
- Price: USD1500-USD6000
- Packaging Details: Standard Export Sea-Worthy Packing
- Delivery Time: 5-15days
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 15000Tons

Product Specification

- Grade: Stainless Steel Bar
- Type: Round, Square, Flat, Angle,
- Origin: Jiangsu China(Mainland)
- Material: Stainless Steel
- Dimensions: From 4mm To 500mm
- Processing Service: Bending, Cutting
- Dimension: 20*20*3mm-100*100*12mm
- Advantages: Strong Corrosion And Decorative Effect
- Highlight: **Strong Corrosion Resistance Stainless Steel rod**
,
Various Processing Services Stainless Steel rod
, 4mm Stainless Steel Rods

Product Description

Product Description:

One of the key advantages of the Stainless Steel Rod is its strong corrosion resistance. This makes it an ideal choice for outdoor applications, as it can withstand exposure to moisture and other environmental factors without rusting or deteriorating. Additionally, the Stainless Steel Rod has a decorative effect, which makes it a popular choice for use in architectural and design applications.

The Stainless Steel Rod is also highly versatile in terms of processing services. It can be bent and cut to a variety of shapes and sizes, making it suitable for use in a range of applications. Whether you need a specific shape or size for your project, the Stainless Steel Rod can be customized to meet your needs.

If you're looking to purchase Stainless Steel Rods, you'll be pleased to know that we offer a range of trading terms to suit your needs. We offer FOB, CIF, CFR, EXW, and other trading terms to ensure that you can get the best deal possible on your purchase. Additionally, our Stainless Steel Rods are sourced from Jiangsu, China (Mainland), which is known for producing high-quality stainless steel products.

Product Name	Bright Stainless steel rod	
Material	201 304,304L,309S,310S,316,316L,316Ti,317,317L,321,347H,2021,202,405,409, 410,420,430,etc	
Type	Round Bar	
Surface	Bright Polished	
Diameter	Round Bar	Diameter: 3mm~50mm
Length	3m-6m or custom cutting any length as request	
Quality test	we can offer MTC (mill test certificate)	
MOQ	300 kgs	
Payment terms	L/C T/T (30%DEPOSIT) or upon negotiation	
Stock or not	in stock	
Packing	Bundled,wooden box for export standard package	
Delivery time	7-15 days,or according to the order quantity or upon negotiation	

Features:

Product Name: Stainless Steel Rod

Type:

Round

Square

Flat

Angle

Special Use: Cold Heading Steel
Dimensions: From 4mm to 500mm
Origin: Jiangsu China(Mainland)
Processing Service:
Bending
Cutting
Keywords: Stainless Steel Round Bar, Metal Round Rod

Applications:

The Sheng Quan Stainless Steel Bar is a versatile product that can be used in various industries. Its model numbers 201/304/304L/316/316L/321/309/310 are designed to cater to diverse needs and applications. This product is manufactured in China, under the ISO9001:2000 certification. It has a minimum order quantity of 1 ton and is priced between USD1500 to USD6000. Steel Round Rod is an essential component of many industries, and Sheng Quan's Stainless Steel Bar meets the needs of these industries. Its excellent packaging ensures safe delivery wherever it is required. The product is delivered within 5-15 days and is available for payment through L/C, T/T, or Western Union. With a supply ability of 15000Tons, the product is readily available for use. The Stainless Steel Bar is known for its strong corrosion and decorative effect, making it suitable for many applications. Its temperature resistance is high, making it ideal for use in high-temperature environments. The ± 0.01 mm thickness tolerance ensures that the product is of high quality and meets industry standards. The material used in the Stainless Steel Bar is stainless steel, which is known for its durability, strength, and resistance to rust and corrosion. The Steel Bar is a product that can be used in various applications, including construction, automotive, and food processing. In construction, the Steel Bar is used to reinforce concrete structures, while in the automotive industry, it is used to manufacture various parts. In food processing, the Steel Bar is used to manufacture equipment that comes into contact with food, as it is hygienic and easy to clean. Overall, the Sheng Quan Stainless Steel Bar is an excellent product that is versatile, durable, and meets industry standards. Its various applications make it an ideal product for many industries.

Packing and Shipping:

Product Packaging:

Our stainless steel rod product is carefully packaged to ensure that it arrives at your doorstep in perfect condition. Each rod is wrapped in protective material and placed in a sturdy cardboard tube to prevent any damage during shipping. The tube is then sealed and labeled with product information for easy identification.

Shipping:

We offer fast and reliable shipping options for our stainless steel rod product. Orders are typically processed and shipped within 1-2 business days. Depending on your location, delivery can take between 3-7 business days. We also provide tracking information so you can easily track your order and know when to expect delivery.
